President's Message

As we begin the new year, and the fourth for the Granite Bay Flycasters, I am personally excited about the coming year's planned activities. Whether you are an active participant or just enjoy reading the Leader and financially supporting the club, there will be many opportunities to enjoy and learn more about some of the unique aspects of flyfishing.

Along with our regular activities of monthly meetings, fly tying and rod building classes, fishouts, etc., the club will be taking a more active role in conservation activities and will be offering a new program, the Golden Trout Award, to help broaden our skills, share some memorable experiences with new friends, and increase our awareness and appreciation for the natural resources we all cherish.

To help the club's officers and directors plan the year's activities, a survey form is included in this issue of the Leader. The club can only be truly successful if it meets it's members needs. Please take time to fill it out (now, if possible) and either mail or bring it to the next club meeting. Here is your chance to be heard and have an impact on the direction the club takes this year.

I'm looking forward to a great 1989 and hope to see you all at the Annual Dinner, January 21st.

Frank Stolten
